WATER AT WARPED

The Warped Tour noticed a need for lower-priced water at the shows and so we worked with venues and promoters to create a lower water price of \$3.00 per bottle at all Warped shows this summer.

Also Klean Kanteen will be providing FREE filtered-water refilling stations. Fans can fill up their cups (Empty water bottles and soda cups etc) as much as they need to throughout the day completely FREE. Look for the Klean Kanteen tent in the festival grounds
